Abstract. This document is a template demonstrating the Apaish format. This document is a template demonstrating the Apaish format. This document is a template demonstrating the Apaish format. This document is a template demonstrating the Apaish format. This document is a template demonstrating the Apaish format. This document is a template demonstrating the Apaish format. This document is a template demonstrating the Apaish format.

Keywords. Template, APA, Typst, PDF

Introduction

This document is a template demonstrating the Apaish format. This document is a template demonstrating the Apaish format. This document is a template demonstrating the Apaish format. This document is a template demonstrating the Apaish format. This document is a template demonstrating the Apaish format. This document is a template demonstrating the Apaish format. This document is a template demonstrating the Apaish format. This document is a template demonstrating the Apaish format. This document is a template demonstrating the Apaish format. This document is a template demonstrating the Apaish format.

Markdown

Italics, **bold**.

Blockquotes

- Lists

1. Numbers

Methods

Maths (LaTeX) inline ($E = mc^2$) and blocks:

$$x^2 + y^2 = z^2. \quad (1)$$

The latter are easily cited (e.g. Equation 1).

Results

Code

```
pi / 3
```

```
[1] 1.047198
```

Tables

Tables don't work particularly well.

Table 1: Mtcars table.

mpg ¹	cyl	disp	hp	drat	wt
21.0	6	160	110	3.90	2.620
21.0	6	160	110	3.90	2.875
22.8	4	108	93	3.85	2.320
21.4	6	258	110	3.08	3.215
18.7	8	360	175	3.15	3.440
18.1	6	225	105	2.76	3.460
¹ Note.					

Table 1 shows what happens if you run `mtcars[1:6, 1:6]` in R (R Core Team, 2023).

Figures

Figures are just fine.

Appendices

Additional information.

Figure 1: Mtcars figure.

Figure 1 shows what happens if you run `plot(mtcars[, 3:5])` in R (R Core Team, 2023).

Discussion

This document is a template demonstrating the Apaish format. This document is a template demonstrating the Apaish format. This document is a template demonstrating the Apaish format.
